This home has no shared walls & is detached, very rare on the 3rd row & was a model home during the opening. Las Ventanas is a first-of-its-kind project completed by a US developer in Baja, inspired by villas in the Mediterranean. Las Ventanas is a gated/secured community of just 38 homes with lush, landscaped areas, a community pool & jacuzzi, community palapa, outdoor shower, sun deck and BBQ areas that overlook the Pacific Ocean. Las Ventanas also has access to a sandy beach, when in season, you can walk for miles!
